

We have the solution to protect your loads

Our stretch wrappers are built to last in the harshest of environments.

- Best warranties in the industry
- 10 year warranty on 25" ring gear bearings
- Lifetime warranty on pre-stretch rollers' blue compound
- Heavy duty structural steel construction (no plastic)

Stretch film is one of the most economical and reliable packaging materials

- Offers protection from water ingress, dirt and abrasion
- Ensures integrity of the load
- Highly flexible to wrap a multitude of shapes
- Available in different film gauges, characteristics, lengths and colors
- Exceptional puncture resistance
- Stretch film can be recycled

Productivity and cost effectiveness go a long way with a Wulftec® stretch wrapping solution.

Speed up your production line and get to the market faster with a competitive edge wrapping solution.

Targeted industries:

- Construction Materials
- Consumer Goods
- Food
- Personal Care Products
- Electronics

How can we help you?

Our solution to protect your loads:

Wulftec offers a complete line of semi-automatic and automatic stretch wrapping systems made to measure and meet the specific needs of our customers. Whether or not you're in the market for new equipment, it's always a good time to plan for success.

Corner application:

The method of corner application accurately detects the corner of each load. Whether the loads vary in size or even if the load arrives skewed on the conveyor, Wulftec reliably places the corner time after time, load after load. Reliability you can count on.

High throughput:

Not matter what is the throughput of your production line, Wulftec will match it. Our stretch wrappers can be fitted with one, two or four robotic arms depending on your speed requirements.

Options Available:

There are many options available for maximum flexibility:

- On the fly corner reloading trays
- Top and bottom tab folding
- Top Cap Applicator
- Pop-up
- Top Platen
- And more...
