

Most food-related industries require high-pressure cleaning to remove any unwanted contaminants from their facilities. These industries will often use powerful and highly corrosive cleaning and disinfecting detergents during wash-downs. Wulftec's solution: **A SMART SML-150 Stainless Steel Machine that Withstands Harsh Environments**

SML-150 Stainless Steel

Semi-Automatic Turntable Stretch Wrapper

**This is the ideal stretch wrapping solution for your unique needs
Improve productivity, operator efficiency
while reducing film and labor costs**

Designed for a tough industry

- Stainless steel machine base and turntable... water and corrosion resistant
- Stainless steel washdown Baldor motors for high pressure cleaning to remove any unwanted contaminants
- Stainless steel gearbox, Tsubaki roller chain Neptune #50, stainless steel driving sprocket with several cut-outs on the base bottom plate to allow some draining of the turntable in case of spills
- Top to bottom wrapping program so carriage remains mostly in the up position
- Spring loaded pre-stretch gate for precise, knowable load containment and prevents film slipping... a Wulftec exclusive that saves money!!
- Top cover pause switch (splash proof program)
- Carriage wraps approximately 2" from turntable for a secure load
- Industry leader in reliability, ruggedness and performance
- The stainless steel base is also available for other SMART™ Series models

We have the right solution for your industry

Wulftec® stretch wrappers are built to last in the harshest of environments. Stretch film is one of the most economical and reliable packaging materials.

- Offers protection from water ingress, dirt and abrasion
- Ensures integrity of the load
- Highly flexible to wrap a multitude of shapes
- Available in different film gauges, characteristics, lengths and colors
- Exceptional puncture resistance
- Stretch film can be recycled

Productivity and cost effectiveness go a long way with stretch wrapping solutions.

Speed up your production line and get to the market faster with a competitive edge wrapping solution.

The Wulftec Advantage

- Allen Bradley PLC for more flexibility
- AC variable frequency drives and motor
- Heavy-duty steel construction
- Non-proprietary parts
- NO-THREAD® powered pre-stretch carriage
- Quick disconnects throughout for ease of installation and maintenance
- Superior warranties

Wulftec Warranty:

- 5-year unlimited cycle warranty
- 10-year warranty on structural steel frame
- LIFETIME warranty on pre-stretch rollers' blue compound

As opposed to other manufacturers, this is not only a coating. The entire base and turntable are made of stainless steel throughout.

The tower material is regular steel with epoxy or Steel-It paint.

The base material is stainless steel, sand-blasted and repainted with epoxy or Steel-It paint.

Maintenance free carriage
