

Most food-related industries require high-pressure cleaning to remove any unwanted contaminants from their facilities. These industries will often use powerful and highly corrosive cleaning and disinfecting detergents during wash-downs. **Wulftec's solution: A SMART SML-150 Stainless Steel Machine that Withstands Harsh Environments**

SML-150 Stainless Steel Semi-Automatic Turntable Stretch Wrapper

This is the ideal stretch wrapping solution for your unique needs
Improve productivity, operator efficiency while reducing film and labor costs

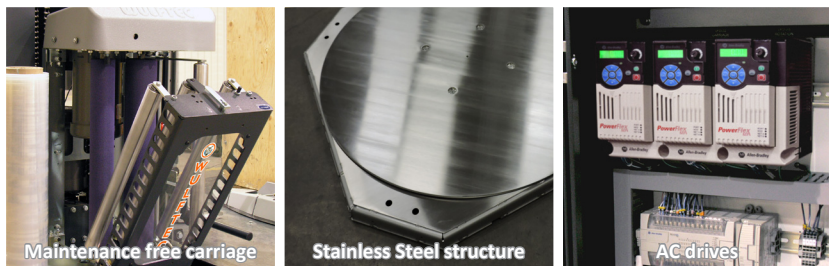

Designed for a tough industry

- Stainless steel machine base and turntable... water and corrosion resistant
- Stainless steel washdown Baldor motors for high pressure cleaning to remove any unwanted contaminants
- Stainless steel gearbox, Tsubaki roller chain Neptune #50, stainless steel driving sprocket with several cut-outs on the base bottom plate to allow some draining of the turntable in case of spills
- Top to bottom wrapping program so carriage remains mostly in the up position
- Spring loaded pre-stretch gate for precise, knowable load containment and prevents film slipping... a Wulftec exclusive that saves money !!
- Top cover pause switch (splash proof program)
- Carriage wraps approximately 2" from turntable for a secure load
- Industry leader in reliability, ruggedness and performance
- The stainless steel base is also available for other SMART™ Series models

As opposed to other manufacturers, this is not only a coating. The entire base and turntable are made of stainless steel throughout.

The base material is stainless steel, sand-blasted and repainted with epoxy or Steel-It paint.

The tower material is regular steel with epoxy or Steel-It paint.

We have the solution for your industry

Our stretch wrappers are built to last in the harshest of environments

- Best warranties in the industry
- 10 year warranty on 25" ring gear bearings
- Lifetime warranty on pre-stretch rollers' blue compound
- Heavy duty structural steel construction (no plastic)

Stretch film is one of the most economical and reliable packaging materials

- Offers protection from water ingress, dirt and abrasion
- Ensures integrity of the load
- Highly flexible to wrap a multitude of shapes
- Available in different film gauges, characteristics, lengths and colors
- Exceptional puncture resistance
- Stretch film can be recycled

Productivity and cost effectiveness go a long way with a Wulftec stretch wrapping solution.

Speed up your production line and get to the market faster with a competitive edge wrapping solution.
