

- ✓ No Pit Mounting
- ✓ Pallet Jack Loading
- ✓ Raise The Pallet to The Required Conveyor Height
- ✓ No Hydraulics to Maintain, No Messy Oil Leaks

Heavy Duty Elevating Conveyors

Wulftec has built a solid reputation on being experts in the conveyor industry with multiple conveyor solutions for all industries. Having a Wulftec conveyor on the production line is a powerful statement. It's an investment in strong values because Wulftec is dedicated to manufacturing only the best. It's an investment in all steel construction, for increased stability and strength. It's an investment in success, because Wulftec equipment is designed and built to last load after load, year after year.

STATE-OF-THE ART CONSTRUCTION

- ¼" thick side rails
- All rollers driven roller to roller with #40 chain
- Maintenance free cast iron housing sealed bearings
- Fully enclosed, guarded chains, top and bottom
- Fully enclosed, top and bottom chain guard and drive system guard
- Best warranty in the industry (3 years)

ADJUSTABLE DRIVE SYSTEM

- Easy to adjust without guard removal
- Access from top of conveyor
- Easy access to the drive unit
- Synthetic gearbox lubrication
- All quick disconnect wiring for easy installation & maintenance
- 1 HP - 230 / 460 VAC TEFC motor/rollers
- 1½ HP - 230 / 460 VAC TEFC motor for up/down motion
- 30 FPM, up to 60 FPM available

CHAIN GUARDING

- Top and bottom chain guard
- Totally enclosed drive system
- No chain pinch points

VERSATILITY

- 24 VDC components
- Non-proprietary parts throughout
- Variety of lengths, widths and heights available
- Many available options (refer to back page)

ROBUST ROLLER FEATURES

- 3/16" wall tubing
- 2½" dia. rollers on 3" centers
- One piece stub shafts machined from solid steel bar
- Hardened sprocket teeth
- Full weld around circumference of tube
- Tubing machined at both ends to ensure concentricity
- 1" diameter bearing shaft

THE WULFTEC ADVANTAGE

- Non-proprietary parts
- Easy integration into existing lines
- Local support with qualified technicians for installation, integration, repairs, inspection...
